

**BUCCAL, POLAR AND NON-POLAR SPRAY OR CAPSULE CONTAINING  
DRUGS FOR TREATING DISORDERS OF THE CENTRAL NERVOUS SYSTEM**

**ABSTRACT OF THE DISCLOSURE**

5                   Buccal aerosol sprays or capsules using polar and non-polar solvent have  
now been developed which provide biologically active compounds for rapid absorption  
through the oral mucosa, resulting in fast onset of effect. The buccal polar compositions of  
the invention comprise formulation I: aqueous polar solvent, active compound, and optional  
flavoring agent; formulation II: aqueous polar solvent, active compound, optionally  
10   flavoring agent, and propellant; formulation III: non-polar solvent, active compound, and  
optional flavoring agent; and formulation IV: non-polar solvent, active compound, optional  
flavoring agent, and propellant.
